Education Secretary's Memo

Submitted for Order

7 Sept, 1894

570

The Lecturer on Agriculture in the Normal School Mysore wants to take about 35 of his students to Seringapatam and neighbourhood for about four or five days, (1) to show them some geological formations and (2) to give some practical lessons in Agriculture by taking the students into cultivated fields. I think this object is very good and should be encouraged. He requires a special grant of Rs 65-4 as for the railway & other expenses. I submit that Rs 70 may be sanctioned from the general savings of the Village School Budget for the above purposes.
